Symmetry XG Standing System is designed to properly position and support each client safely and comfortably. Our exclusive Shear-Reducing Technology is designed to minimize shear and the movement that is associated with positional changes to supply the best support available. The unique design features support and assistance in maintaining the best anatomical alignment possible for a proper standing program

Symmetry XG features Prime Engineering's Full Swivel Seat for the easiest and safest transfer possible. Symmetry XG also features Independent Adjustable Knee Supports for advanced lower extremity positioning.

Standard Features include: Quick adjustment seat depth, padded sliding seat, Shoe holders that adjust for height, toe-in/toe-out, planter-flexion and dorsi-flexion; self-elevating tray height adjustment, adjustable tray depth, adjustable chest pad, Right or left side hydraulic pump.

Specifications	Symmetry XG	Symmetry Youth XG
